"HOC SIGNO FORTUNA."

BALTIMORE, FRIDAY, APRIL 17th, 1818.

THE WHEELS.

The brilliant Prizes of Thirty thousand, Twenty thousand, Two of Ten thousand, Two of Five thousand dollars, &c. &c. still remain undrawn in the wheels of the Medical College Lottery, which have now gained upwards of \$9000. The few tickets on hand still continue at the price of Fifteen dollars. The usual prompt attention will be paid to orders addressed to

J. I. COHEN, Jr.
110, Market-street.

THE FIVE THOUSAND DOLLAR PRIZE

drawn on Tuesday last in the Medical College Lottery was sold like those in the former classes at Cohen's Office. The fortunate holder is a resident in this city.

Capt. J. D. ELLIOTT, of the United States navy, who has been in this city for some weeks, attending as a member of the court martial, left it yesterday morning, to join the commissioners in resuming the survey of the waters and harbors of the Chesapeake Bay.

Letters received in this city state that the Mechanics' Bank of Pittsburg was robbed on the night of the 5th inst., literally, of every thing valuable—about \$80,000 in specie were taken. It is unknown how the robbers entered, but, as no doors were broken, and there was no appearance of violence, it is supposed false keys were used.

WASHINGTON, April 14.
The bill for the admission of Illinois into the Union, having passed the House of Representatives by a nearly unanimous vote, and been ordered to a third reading in the Senate by a large majority, its passage into a law may be regarded as morally certain. Thus will be added to the Union another State, making the twenty-first in the Confederation. The number of acres of land in the state is estimated at thirty millions, being about one-fifth larger than the state of Ohio—its present population at forty thousand, but increasing with unexampled rapidity.

The unanimity of the vote with which this state is admitted into the association of states, must be highly acceptable to the people of that territory, and, we should think, cannot fail of producing those feelings of cordiality to the sister states, which it is well calculated to excite.

[Intelligencer.]

WASHINGTON, April 14.

Yesterday, about two o'clock, the new flag of the United States was hoisted on the flag-staff of the House of Representatives. This is the first flag that has been made since the passage of the act for altering the banner of the nation. It was made in New-York, under the direction of the gallant captain Reed, late commander of the privateer General Armstrong. The stars are twenty in number, and so disposed as to form one great star in the centre of a blue field. The stripes are thirteen. The law on this subject, goes into operation on the 4th day of July next.

From the National Intelligencer.

IN SENATE, APRIL, 11.—The bill to authorize an assistant President and assistant Cashier for the Bank of the United States to sign the

notes of the Bank, was taken up, and occupied the Senate until half past 5 o'clock, when it adjourned without taking any question on the bill.

Sale of Publick Lands.—The President of the United States, by Proclamation, has ordered the sale of publick lands in Indiana Territory, to commence the first Monday in July, first Monday in September, and first Monday in November next. And also, the sale of the lands south of Tennessee River, purchased of the Creek Indians, to commence at Huntsville, on the first Monday, in July, first Monday in September, and first Monday in November.

CHAMBERSBURGH, Penn. March 28.

Breach of promise of Marriage.—At the adjourned Court of Common Pleas, held in Gettysburgh, for Adams county, the week before last a case of the above kind was tried. Miss Catharine Everly plaintiff, and Mr. John Sell defendant. The plaintiff obtained a verdict for *two thousand dollars damages*.

FROM A LONDON PAPER.

EXPEDITION TO THE NORTH POLE.

Captain Buchan, of the Pike Sloop of War, recently returned from Newfoundland, is appointed to the expedition to the North Pole.—Captain Ross is the other officer who is to proceed thither. They are to be accompanied by four Lieutenants attached to each of the captains, and the others to command the two vessels to act as tenders. Two of the ships proceed up Davis's Straits, the extent or termination of which is utterly unknown, and the other two, if possible, to the Pole, between Iceland and Greenland.
